# BUY SELL TRADE

A constantly evolving healthcare environment combined with equipment evolution means hospitals all over the United States struggle daily with solving two expensive problems: (1) **costly upgrades** to existing inventory and (2) **outdated, unwanted, and unused equipment**. Med-Sell can help you quickly turn both problems into solutions through sales certified pre-owned equipment and surplus acquisition of outdated inventory.

## CERTIFIED PRE-OWNED

Fully refurbished, patient-ready equipment at half the price. Our CPO equipment is fully refurbished and carries the same warranty as the original manufacturer. All purchases are backed by a 30-day money back guarantee if not completely satisfied. Certified pre-owned equipment can be purchased with your acquisition credit or paid Net 30. If warranty repairs are required they will be performed by our contracted repair facility. Our goal is to exceed your expectations.
